Maths Focus

I thought this week we could focus on Maths!

In Owls class, we incorporate maths into lots of different sessions: tablework, cooking, bucket time, music and lots more!

Numberblocks on cbeebies is a great maths based program. Look on the next page for a choosing board of some of Owls favourite number songs (they can all be found on youtube or youtube kids).

Sign of the Week

how many?

bucket

This week's video is a maths themed bucket time - look on the blog! It was VERY strange doing a bucket time without the children there, so it didn't feel quite a good as usual!!! Also, sorry for the poor camera angle! Ewa (Doves class teacher) joined in for Stage 3 - Five Little Speckled Frogs. She beautifully modelled how to persevere when things go wrong! I've then said "your turn!" so please feel free to join in at home! I've put a communication board and some frog cut outs in this newsletter (maybe you could attach the frog cut outs to ball pond balls or plastic bottles/containers).

1-10 penguins

1 to 20

10 little bicycles

10 little numbers

5 little boats

5 little ducks

5 little speckled frogs

count to 100

how many fingers?

one potato

10 little fishies

10 green bottles

In other news...

The Owls team LOVE hearing from you! Please continue sending emails to let us know what you've been up to at home.

Dillon has been enjoying lots of sensory and creative activities.

He is also enjoying going on long walks and exploring outside ☺
